

L&D

LANDSCAPE DISCOVERY

Get your team ready for challenges and shifting priorities for L&D

Change is unfolding on a massive scale, driven by shifts in technology, globalisation, physical environment, social responsibility, and consumer and workforce expectations – creating significant pressure and opportunities for L&D professionals and teams. Explore the contemporary L&D landscape in this workshop, exploring new possibilities to increase your effectiveness and impact and identifying practices to embrace in your organisation.

This is perfect for:

Progressive L&D leaders and their teams who want to open their mindset to prepare them to modernize ways of working and increase impact.

The participants will leave with:

Clarity on how the challenges and opportunities that the changing world of work is creating for L&D in your organisation.

An understanding of high value L&D practices and identification of priorities for shifting your practices.

An openness and deeper commitment to embracing changes in L&D roles and ways of working.
